A journey of unimagined substance and innovation awaits you. With over 20 collections from which to select, the world of Invicta Watch delivers the ultimate in technical achievement along with a diversity in style unmatched in today's market. Cutting-edge craftsmanship expressed through ingenious designs has seamlessly turned fans into dedicated collectors.

Always on a mission to advance & perfect, Invicta continually pushes past barriers delivering watches that have made Invicta the masters of case complications and a dream come true for the collector. The engineering and design elements that go into each case must integrate flawlessly with the movement powering the watch that is inside that case. In essence, the more complications, the more difficult it is to design and assemble a timepiece but Invicta has taken this art to a masterful level bringing forth timepieces of inspired exception. The expert, hands-on, detailed approach to watch-making is an intrinsic aspect to the range of capability demonstrated in each Invicta timepiece.

The Invicta collector can build a bold, diverse collection comprised of the optimum in technology and design in a spirit defined only by Invicta Watch.
